

HEART'S SWEET CHAINS

(HERZENSFESSELN)

Sung with great success by JENNIE MONROE at
Alhambra Music Hall.

Ros-es glow-ing, Bree-zes blow-ing, List-en to my heart's com-
plain-ing; Cu-pid found me, And he bound me, Love-ly cap-tive I
to his en-chain-ing. Help, dear ro-ses.
Help me, ah..... ah..... ah..... ah! How loose from
cu-pid, pray. Do not de-lay, Or

Kenyon '15 Men's Suits

When you seek economy, ask your merchant to show you this \$15 Suit. Compare it with one that costs \$25, and see wherein lies the difference. It does not lie in the wearing qualities, surely not in the style and fit. The great difference is one of price, caused by more than one reason—made in the largest factories of their kind in the world.

TOLD ALL HE KNEW AT ONCE

Dyspeptic-Looking Man Successfully Choked Off the Conversation of His Fellow Passenger.

A dyspeptic-looking man had taken his seat in a railway carriage, when a fellow-passenger bent forward with a confidential "Pardon me, sir, but what—"

The dyspeptic was ready. "Adam was the first man," he said, in a cold, dull monotone. "Moses was the meekest man; there never was any meekest woman. Columbus discovered America. In the winter of 1847 and 1848 potatoes formed almost the sole food of the Irish peasantry. White sheep eat more than black ones, because there are more of them. A door is not a door when its ajar. Golf is pronounced 'goff.' It is highly improper to wear a wide-awake with a frock coat. Yes, it is a good morning, and I have used everybody's soap."

Here the inquiring man attempted an interruption, but it was of no avail.

"The foregoing information," went on the accentless voice, "is all I know about anything of any name or nature—past, present or future. I want nothing in the world but quietude," he added; "and if you don't let me alone I'll throw my grip out of the window and jump out after it. I have spoken!"

Wonder of Nature.

During the course of a voyage recently, when midway between Marseilles and the Strait of Bonifacio, a "green flash" was seen at sunset. The sky was perfectly clear after a cloudless day, with little wind. As the sun approached the horizon the line 'twixt sea and sky for about forty-five degrees each side of the sun became suffused with a rich dull rose pink and the waves reflected a marvelous ruby shade on their surfaces facing the sunset, while the other faces were an opalescent blue or green from the upper sky. The two colors flashed and changed in a marvelous way. Such intensity of coloring had never been seen by those on board. The sun set clean into the sea and about ten or less seconds after it had disappeared a bright green single flash, just like a railway signal lamp, but brighter far, met our view and rewarded our watching for it—Symon's Meteorological Magazine.

Rejects Favorite Dish.

One of the articles of food that have disappeared from the New York restaurants is the thick slice of cold

ference where you go or what you pay," said a New Yorker who always seeks this dish when he dines in a restaurant, "you never find the thick, cold slab of a few years ago. It is gone. The price asked for cold roast beef is everywhere higher than it was and the difference ranges all the way from five cents to a quarter. But neither the place nor the price seem to avail. The slice is certain to be about half as thick as it used to be. And I'm not the only man who'd pay even a greater advance for one of the old thick slices."

Female Education.

There is no division of opinion as to the goal for which our girls are educated. More and more out of the chaotic past the conviction stands out that each one of us is in training for the service of the race. A woman's goal, like a man's, is to give up her life that the life of the next generation may be safer and wiser and happier than this one. No higher education that is not foolish and ill judged can unfit a woman from bringing splendid children into the world and training them wisely. No higher education that is not foolish and ill judged can unfit a woman who is not blessed with children for dealing nobly and wisely and generously with the rising generation.—Harper's Bazar.
